

# California OES Weather Threat Briefing

Sunday, November 29, 2020  
9:00 AM PDT

- **Day 1 (Sunday):** Localized elevated fire weather conditions expected across southwest California today and tonight with wind gusts of 25-35 mph and very low humidity

National Weather Service  
Western Region Headquarters  
Regional Operations Center  
Salt Lake City, UT

# **WEATHER KEY POINTS**

**11/29/20 - 12/05/20**

## **Sunday-Saturday**

- Freezing temperatures expected over the San Joaquin Valley once again tonight
- Elevated fire weather conditions expected both today and Monday across southwest California
  - Localized wind gusts to 35 mph likely, especially in the vicinity of the Transverse Ranges and in mountain gaps
  - Very low humidity also continues
- Moderate to strong Santa Ana winds could redevelop across southern California Wednesday through Friday, with the potential for more critical fire weather conditions
- Some very light precipitation is possible over far northeast California Monday, with otherwise dry conditions for the state for the remainder of the week and into next weekend
